THE SOCIETY OF

MAYFLOWER
 DESCENDANTS
 IN THE STATE OF
 MARYLAND

Medicine, Mercury & Muck Fleeing Pandemonium in the 17th Century

Eleanor Herman will be the Guest Speaker for this year's Compact Day Dinner in November. A *New York Times* best-selling author and historian, Eleanor has written several books, including *Sex with Kings*, *Sex with the Queen*, and a new book, *Sex with Presidents*, to be released by Harper Collins in 2020.

Eleanor's books examine human relationships at the pinnacle of power. She has hosted numerous shows, including "The Lost Worlds" for The History Channel, "The Madness of Henry VIII" for the National Geographic Channel, and "America: Fact vs. Fiction" for the American Heroes Channel.

Eleanor's presentation is based on her 2018 book, *The Royal Art of Poison*. For centuries, Royal families ("Royals") have feared the vomit-inducing agony of unwanted "additions" to their food or wine by rivals. To avoid being poisoned, they depended on tasters, unicorn horns, and

antidotes, which were tested on condemned prisoners and servants.

Ironically, however, Royals, terrified of being poisoned, were unknowingly poisoning themselves every day with their cosmetics, medications, and filthy living conditions.

Physicians prescribed mercury enemas, arsenic skin creams, drinks of lead filings, and potions of human fat and skull, fresh from the executioner.

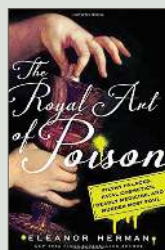

The Pilgrims experienced similar conditions. Eleanor will examine the unhealthful world from which they fled in 1620: filthy hygiene, virulent epidemics, and fatal medical care. She will explore the reasons why—in the clean, bracing air of the New World—more than half of the settlers died the first Winter.

Eleanor lives with her husband, their black lab, and her four cats in McLean, Virginia. We look forward to her educational and entertaining presentation.

See page 16 for details.

Eleanor Herman combines her love of history and writing, and calls herself the "Sherlock Holmes" of history.

A limited supply of Eleanor's books will be available for sale at the Compact Day Dinner. Plan to arrive early and have your book personally autographed!

GOVERNOR'S MESSAGE

Dear Maryland Mayflower Society Members:

The autumn harvest abounds the countryside as I write this Governor's message. It's a festive time in Maryland—beautiful autumn colors, pumpkins, mums, and the crisp morning air!

Please join us for the Compact Day Dinner on November 24th in Annapolis. You can use our new Society's website to purchase your tickets or the RSVP form in this newsletter. Many 2020 fundraising items

are also available for purchase on our website—from T-shirts and artwork to note cards and commemorative coins.

The Compact Day Dinner will feature renowned author and one of our Society members, Eleanor Herman. Autographed copies of Eleanor's new book will be available for purchase at the Dinner. Dressed in an early 17th-century court gown, her presentation will reveal the unhealthful world the Pilgrims fled from in 1620. Please also mark your calendar for our Spring Dinner, which will tentatively be held on Sunday, April 26, 2020, at Chartwell Golf & Country Club in Pasadena. Our guest speaker will be former Governor, Jim Battles, whose presentation will include a slideshow on the founding of the Mayflower Guard as well as highlights of recent experiences and exciting upcoming 2020 events you won't want to miss.

Your Board of Assistants has been conducting a financial liability study on Life Members. Several discussions and meetings were held to determine the best resolution for the long-term financial burden going forward. Details on the proposed resolutions are provided in the newsletter, and your attendance at Compact Day Dinner is important as we will be voting on new motions. So, please plan to attend!

Lastly, I really need your involvement. Just email me to come aboard the Mayflower! Let us be mindful of our Society's goal, to promote and uphold our Pilgrim ancestor's vision in coming to a New World, "To perpetuate to a remote posterity the memory of our Pilgrim Fathers."

Wishing you well in preparation for 2020!

Timothy D. Mallory
Governor, Maryland Mayflower Society

WILL THIS BE YOUR LICENSE PLATE?

The Mayflower license plate is not only visibly appealing, it serves to identify a Mayflower descendant. I purchased a license plate several years ago and am amazed by the number of people who stop and ask about it. Some are even interested in joining our Society, which opens up an opportunity to explain the process.

For a limited time only, the following unissued tag numbers are available to our Members:

- SMD0041
- SMD0059
- SMD0060
- SMD0063
- SMD0073
- SMD0080
- SMD0090-93
- SMD0095-100

This is a great way to memorialize an event, such as an anniversary or birth year. Interested? Call or e-mail me at: 410-353-3733 or cj.corneliussen@mailfence.com.

Let me know which tag number you are interested in and we'll get the ball rolling. You won't regret it!

2019 General Society

Board of Assistants' Meeting

by James B. Battles, DGG and Former Governor

GBOA Meeting: The GBOA meetings were held at the Grand Hyatt Hotel in downtown Denver.

The Colorado Society hosted this year's Board of Assistants' (GBOA) meeting of the General Society of Mayflower Descendants this year. The attendance was the largest ever—217 registrants. As Deputy Governor General, I was the only one from our Society who was able to attend.

Friday, September 6

Friday's meeting was devoted to committee meetings and historians' training. As Commander, I was responsible for the Mayflower Guard committee meeting. From reports, all of the meetings were very productive.

The mid-morning session, for all AGs, DDGs, Governors, and former Governors, was more of a workshop to discuss critical issues and concerns common to member societies. The main topic was the impact on life memberships, as the assessment fees paid to the General Society was likely going up. We broke up into small groups to come up with recommendations:

1. **"Suspended" Category** - A suspended category would be created for life members for whom contact had been lost. Such members would be placed in this category and no assessment fee would be paid to Plymouth. If contact were regained, a suspended member could be re-activated. Notice of death would, of course, end the life membership.
2. **Dropping Life Member Category** - Some societies have, or are considering, dropping the life membership category altogether, while others recommended dropping the Junior life member category.
3. **Investment Account** - It is essential that funds for current life memberships be placed in an investment account, which would yield sufficient income to cover the annual assessment fees, which will likely increase.

The Friday afternoon session was the Governors' Forum, where societies discussed plans for 2020. I presented our Maryland Society's 2020 project: "Pilgrims Meet the Arts." I also gave a short presentation on the "Dress Like a Pilgrim" program and

The Mayflower Guard, with our own Jim Battles as Commander, opened the GBOA meetings.

directed everyone to the “Dress Like a Pilgrim” section of the GSMD website. I directed them to videos I produced

for GSMD, including “How to Convert Chukka Boots to Latchet Shoes,” and the “Arms and Armor of the Pilgrims.” The California society gave a presentation on the upcoming Rose Parade.

A robust discussion took place on the need to improve our websites. Several societies presented their reasons for hiring a professional website manager to design and maintain their website. I reported on our Society’s website efforts. Clearly, our decision to use a professional firm was one that is on the front line.

Saturday, September 7

The actual GBOA meeting was held on Saturday. The Mayflower Guard performed the opening ceremony, as it did at the last meeting in Illinois. The meeting itself was devoted to reports from various society

officers and committees. The Historian General reported that there has been an increase in submissions in 2019 with 2,088 submissions in the first part of the year. The volume of submissions has caused staffing issues to fill vacancies and the need for new staff members. The application processing time period is now at 15 weeks. There is also a need to increase fees to

cover costs. It currently costs \$125 to process each application, yet we are charging only \$75.

The Executive Director, Susan Belekewicx, included a report that acknowledged Maryland’s gift of the commissioned artwork, *Welcome Englishman*, and Jim Battles’ donation of the commissioned artwork, “Attack in Leiden.” During the report of the sales committee, copies of the paintings were available so that those in attendance could get a good look at the works and that copies were available for purchase.

The report on the Plymouth Meetinghouse was positive. Major repairs and renovations were moving along at a steady pace with most major renovations to be completed by this Christmas.

Deputy Governor General, Jim Battles, gave a presentation at the GBOA meeting.

A theme of nearly all the reports included the need for the society to increase the annual assessment fees from the current \$15 to a needed \$35. While a formal motion to increase the assessment fees could not be made at this meeting, an informal vote was taken which was supported by all but six delegates. An assessment increase will be presented at Congress in 2020 and it is highly likely that it will pass.

Sunday, September 9

The busy weekend concluded. The next 2020 Congress will be held at Plymouth Memorial Hall on Court Street because of the anticipated attendance of this milestone anniversary. Many of the hotels in Plymouth have just opened registration and will fill up quickly. So, register early!

Supplemental Lines

Congratulations to our members who have been approved for an additional ancestor.

BECOME A "FRIEND"

Friends of our Maryland Society

We have a relatively new membership category called

"Friends of the Maryland Mayflower Society." This category recognizes individuals who are not eligible for membership in our Society by descent, but are bound to us by family ties or shared interests. This category includes:

- spouses;
- family members of current & deceased members;
- persons who believe they have a Mayflower line, but are unable to prove lineage;
- persons interested in furthering our goals;
- adopted children of members (please note children will need to join as junior members).

"Friends" are welcome to participate in Society activities, dinners, meetings, and serve on committees. The one-time fee is \$50.00. To apply, submit the application, found in this newsletter, to our Historians, Dwight or Chris.

Limited Edition T-shirts

In honor of the 400th anniversary of the *Mayflower* voyage and founding of Plymouth colony, our Society is offering exclusive t-shirts featuring artwork by our member, Fritz Briggs, who is a renowned master watercolor artist. Below are the details:

FRONT: The front features the *Mayflower* from Fritz's painting, "Sailing of the Mayflower," with the years, 1620-2020.

BACK: The back shows a list of the *Mayflower* passengers.

SIZES: Small, Medium, Large, X-large, and XX-large.

PRICE: \$19.99

TYPE: 100% cotton.

Our anniversary t-shirts make great gifts!

T-shirts will be available for purchase at the Spring Dinner in April. To order, please visit our website at www.MarylandMayflower.org. All proceeds will go towards the Maryland Mayflower Society.

2020-2021

SCHOLARSHIP FUND

The Maryland Society offers scholarships in amounts up to \$2,500, depending on availability of funds, to a direct descendant of a *Mayflower* passenger. The due dates for submitting applications are:

Report of the FGS Family History Conference 2019

FGS makes its first visit to the Nation's capital!

by Chris Locke, Co-Historian

One of the major genealogy conferences in the U.S. was held in our Nation's capital on August 21-24. "FGS 2019," sponsored by the Federation of Genealogical Societies (FGS), was held at the D.C.'s Omni Shoreham Hotel.

Historian, Dwight Mason, and Co-Historian, Chris Locke, and his wife, Melinda, set up the General Society booth. Dwight and Chris, and two other state society affiliates, ran the booth at the Exhibit Hall. The American Ancestors/New England Historic Genealogical Society (NEHGS) team supported the exhibit team, particularly

with regard to certain logistics. The FGS Conference Committee visited our booth several times during the event and were also extremely supportive.

The big news was the announcement that FGS and the U.S. National Genealogical Society (NGS) are going to merge, to be called the "National Genealogical Society." The announcement created a lot of buzz and was discussed most of the week. The merger should be fully effective by October, 2020. Next Year's conference, FGS 2020, will take place in Kansas City.

Mayflower Prints

High-resolution Giclée Prints

SAILING OF THE MAYFLOWER, 1620

Our Society is truly fortunate to have a long-time member who is a master of watercolor. Frederic S. ("Fritz") Briggs, has been a professional artist for over 50 years. His watercolor painting, *Sailing of the Mayflower*, is truly a work of art.

With the advent of the high-resolution fine art Giclée printing process, we are now able to more accurately capture Fritz's original watercolor art, showing the subtle nuances, delicate essences of shadow and light, and complex glazes of color.

A 16" x 20" Giclée print of the *Sailing of the Mayflower* is available for members to order. Each print is personally signed by the artist, Fritz Briggs. The price is \$75.00. To order, visit our Society website, www.MarylandMayflower.org.

The Children on the Mayflower

by Catherine Wilson, BSN
Surgeon and Education Committee Chair

This is the time of year we make plans for our Thanksgiving celebration. Today, Thanksgiving is a family-centered holiday with several generations of family and friends coming together to enjoy a traditional meal and companionship. For descendants of the *Mayflower*, it is extra special. It was our ancestors, who successfully crossed the Atlantic and established the small colony.

Many of the stories of the men and women who survived the trip and the first horrible winter are familiar to most Americans: John Alden and his wife, Priscilla, Governor Bradford, Myles Standish, and others. However, the children were also of great importance to the survival of the Colony. Of the 102 passengers on board the *Mayflower*, 31 were children. All but one survived the three-month journey. Of these, 17 survived to marry and have children of their own.

Families:

Allerton: Isaac and Mary Allerton and their three children came aboard on the *Speedwell* from Leiden, Holland: **Bartholomew** (age 7), **Remember** (age 5) and **Mary** (age 3). They later transferred to the *Mayflower* when the *Speedwell* sprung a leak, twice, at the beginning of the trip. Their mother died during the first winter and Isaac remarried. As an adult, Bartholomew returned to England and became a minister in Bramfield, Suffolk, and had four children. Mary was the last surviving passenger of the *Mayflower* and died in 1699.

Billington: The Billington boys, **Francis** (age 14) and **John** (age 16) boarded the *Mayflower* with their parents. A story is told that the Billington boys, for want of some excitement, found gunpowder on the ship in their family's space when their father was not around. Francis took some gunpowder and made pellets, placed them in his father's gun, and shot it. A small barrel nearby caught fire. Passengers close by quickly extinguished the fire. John, it is recorded, got lost in the woods and was found and escorted by the Nauset Indians, who lived in present-day Cape Cod. He was held there until a group from Plymouth set out to recover him. John died the first winter.

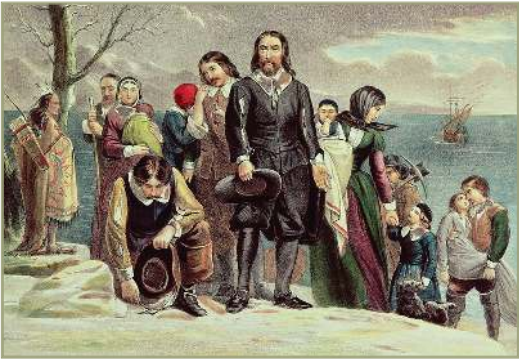

Brewster: William Brewster and his wife and two of his children, **Love** (age 9) and **Wrestling** (age 6) made the voyage. Love survived to have descendants. Wrestling died at a young age.

Chilton: **Mary** (age 13) was the daughter of James Chilton. Mary was the first Pilgrim female to set foot on American soil. The story, as told by her granddaughter, was that "curiosity of being the first on the American Strand prompted her, like a young heroine, to leap out of the boat and wade ashore. She was twelve at the time." She lost both her parents during the first winter sickness.

Pilgrim Children

Children were Important

“The Landing of the Pilgrims at Plymouth, 1620”
by Currier and Ives, 1968.

Of the 102 passengers on board the Mayflower, 31 were children. Of these, 17 survived to marry and have children of their own.

Cooke: Francis Cooke left his wife and three of his children in England and came with his son **John** (age 13) on the *Mayflower* out of Southampton. The rest of their family came later on the *Anne*, as did many others.

Eaton: **Samuel** was the first infant son of Francis Eaton and his wife. Young Samuel’s mother died the first winter.

Fuller: **Samuel** (age 4) was the son of Edward and Bridget Fuller. He lost both parents in the general sickness. He went to live with his uncle, Samuel, another passenger.

Hopkins: Stephen Hopkins was the only passenger to have prior experience sailing to the Americas. First, he was stranded in Bermuda, then sailed to Jamestown, and later left for England. When he returned back to England, he found his wife, Mary, had died. He remarried and boarded the *Mayflower* with his second wife, Elizabeth Fisher, and their daughter **Damaris** (age 5) and **Constance** (age 14) and **Giles** (age 12) by his first wife, Mary. A son, **Oceanus**, was born at sea. Both Damaris and Oceanus died young. The couple subsequently had more children.

More: The story of the four More children is a sad one. Their mother and father divorced and the four children—**Ellen** (age 8), **Jasper** (age 7), **Richard** (age 6) and **Mary** (age 4)—were placed in the care of John Carver, Edward Winslow, and William Brewster. Only Richard More survived the first winter sickness.

Mullins: William Mullins brought his wife, Alice, and children, **Priscilla** (age 17) and **Joseph** (age 6). Both parents and their son, Joseph, died during the first winter sickness, leaving Priscilla an orphan.

Rogers: Thomas Rogers came on the *Mayflower* with his son, **Joseph** (age 17). Thomas did not survive the first Winter but other family members did come over eventually.

White: William White and his wife, Suzanna, came on the *Mayflower* with their young son, **Resolved** (age 5). Another son, **Peregrine**, was born on the *Mayflower* while it was in port at Plymouth. They brought a cradle that is now on display at the Pilgrim Hall Museum in Plymouth. William White did not survive the first winter.

Others:

- **William Button** (“a youth”) came with the Fuller family. He died on the *Mayflower* three days before land was spotted.
- **Robert Carter** (“a youth”) was a servant to the Mullins family. He died the first winter.
- **Humility Cooper** (age 8) came with her Aunt and Uncle, Edward and Ann Tilley. The Tilleys died the first winter. Humility survived to live her young life in Plymouth, returning to England possibly in her teens.
- **John Crackstone, Jr.** (“a youth”) came with his father. Since his father died the first winter, he went to live with the Isaac Allerton family.
- **John Hooke** (age 12) was an apprentice to Isaac Allerton and died the first winter.
- **John Langmore** (“a youth”) was servant to the family of Christopher Martin.
- **William Latham** (age 11) was a servant/apprentice to the John Carver family. He lived in the Colony for several years, returned to England, and then to the Bahamas, where he and others in his group starved to death.
- **Henry Samson** (age 16) came with his Aunt and Uncle, Edward and Ann Tilley.
- **Elizabeth Tilley** (age 13) came with her parents, John and Joan Tilley, who died the first winter. She married passenger, John Howland.
- **Dorothy ?** (a teenager) was a maidservant to John Carver.

There were fewer deaths among the children that first cruel Winter, which increased the Colony’s chances of survival. Many of the children became accustomed to hard labor and they ultimately stepped up to assist the adults.

This article was based on secondary sources from the internet and from my own personal library.

Historians' Report

Dwight Mason, Historian
Christopher Locke, Co-Historian

Our Historians have been very busy. Below is a status of recent activity:

- **New Members:** Since the Spring issue, we enrolled thirty-three new members, six supplementals, and one friend. There are currently thirty-five applications pending in Plymouth and the wait time is quite lengthy, close to five months. Due to the increased workload, a volunteer is being trained as a possible future Historian.
- **Membership Turnover:** Several members are being dropped for nonpayment of dues and we welcome your ideas for retention.
- **GSMD Proposes Increase in Dues:** At present, we pay the General Society an annual payment of \$15 for each member, regardless of their Life Membership status. The General Society recently proposed an increase in dues from \$15 per person to \$35 per person annually.
- **Impact of Proposed Increase:** If the General Society does implement the proposed \$35 annual fee for each member, the new capital exposure to our Maryland Society will be about \$190,000. This means our Society will have to cover this increased cost from its fees, annual member dues, and available capital for many years to come. Of the \$40 paid in annual dues, \$35 would go to Plymouth. Retaining and adding new members are critical to our Society's long-term survival. Clearly, we will be forced to raise our dues. Therefore, the Historians made recommendations to address these issues.

Life Members represent a serious financial liability for our Society, as they do not pay annual dues. The youngest Life Member is 10 and the oldest is 102 years. It is imperative that the list of Life Members be kept current and accurate.

Over the summer, our Historians sent a letter to all Life Members in order to confirm their contact information. The letter requested that the postage-paid postcard, enclosed with the letter, be returned. Approximately 85 Life Members did not reply. These members are considered lost or missing from our records and are shown in the section entitled, "Life Members Lost at Sea."

Please contact the Historians' office if your name is on this list and you wish to continue your membership.

Historians' Recommendations Life Members and Dues

Since the General Society plans to significantly increase annual dues, the following proposed changes are recommended and will be discussed and voted upon at the Compact Day Dinner. These changes are intended to manage or contain membership costs associated with life and annual members:

1) "Suspended" Member:

Amend the Bylaws to adopt a new membership category called "Suspended" Member, which authorizes the removal of a lost or missing Life Member who has unverifiable contact information. The "suspended" Life Member may return to an active status without penalty if they wish. The Historian and Corresponding Secretary will maintain this list and report them to the General Society. Our Society will not have to pay the annual fee to the General Society for these persons.

2) Eliminate Life Member Category:

Eliminate the Life Member category going forward, effective November 24, 2019, with one exception. Any member, in good standing, 100 years of age or older will automatically become a Life Member. Existing Life Members will be grandfathered in and not affected. This will limit the Maryland Society's financial exposure going forward. However, it will still take about 70 years to lower life membership long-term liability close to zero.

3) Phased-in Increase in Annual Dues:

Authorize an incremental, phased-in increase in annual membership dues, from the current \$40 per year to \$50 in 2020. If the General Society approves an increase in rates at the next GSMD 2020 Congress in September, we would raise the annual rate to \$60 per year in 2021.

"Pilgrim Overboard." The dramatic rescue of Pilgrim John Howland during the voyage of the *Mayflower* in 1620. Painting by maritime artist Mike Haywood.

Howland Rescue

The *Mayflower* departed England in 1620, having extremely cramped conditions on board the ship. By the second month, the ship was being buffeted by strong westerly gales, causing the ship's timbers to be badly shaken and caulking failing to keep out sea water. Passengers, even in their berths, lay wet and ill, which turned out to be fatal for many.

During the voyage, John Howland fell overboard during a turbulent storm and was almost lost at sea. He managed to grab a topsail halyard that was trailing in the water, giving the crew enough time to rescue him with a boat hook, and was hauled back aboard to safety. Howland came as a servant for John Carver. William Bradford, when reminiscing of the falling overboard incident, refers to Howland as a "lusty young man," a term that would not likely have applied to a 28-year old given that Bradford himself was only 30 at the time.

Treasurer's Update

Marilyn VanWagner, Treasurer
Louesa B. Canning, Asst. Treasurer

Thank you to all of our members who have given generously towards the First Church project, as well as our 2020 Anniversary and Scholarship funds. Your donations are very much appreciated. If you wish to donate to these and other projects, please visit our Society's website to pay or review information on where to mail a check (www.MarylandMayflower.org/donate). As of October 5, 2019, we had \$93,213 in the Morgan Stanley Investment Account.

by Benjamin G. Proctor III

Our Mayflower Society provides education and services to share the principles of civil and religious liberty that the Pilgrims brought to America and to tell their story—a legacy that means so much to us and to future generations. As a non-profit organization, this important work is only possible through your generosity.

Ways to give:

1. **Outright Contributions** - Gifts of cash, stocks, bonds, and mutual funds are tax-deductible. For stock donations held more than 12 months with a low-cost basis, the savings is two-fold: (1) a tax deduction for the full fair market value of on the date of the gift; and (2) avoiding capital gains tax that otherwise would have been realized if sold.
2. **IRA** - When an IRA is directly donated to a non-profit, the member avoids paying taxes. If you do not need your Required Minimum Distribution (RMD), this may be a good way to donate. Example: Suppose you are in the 25% combined effective tax bracket, by having \$1,000 go directly from your IRA to the Society, you are not having to pay \$250 in taxes.
3. **Life Insurance** - By including the Society as a beneficiary on an insurance policy (even if small, say 5-20%), your gift will continue into the future even when you are not here.
4. **Lead & Remainder Trusts** - For Lead Trust, the non-profit receives income during the individual's lifetime, and money left over passes to beneficiaries. For Remainder Trust, the individual receives income during their lifetime, with the remainder passing onto the non-profit. Both provide up-front tax savings.

Please make your tax-deductible gift today. If you have any questions, contact:

It's a Parade!

The Rose Parade kick offs 2020 Celebration

Wednesday, January 1, 2020

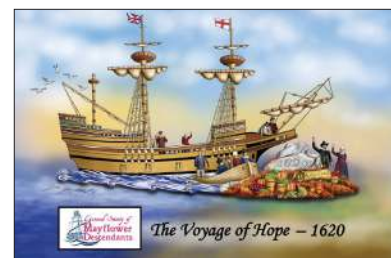

Our floral "Mayflower" will set sail in 2020 by floating in the annual Tournament of Roses Parade in Pasadena, California, on New Year's Day, thanks to the efforts of the California Mayflower Society and sponsorship by the General Society.

The Tournament of Roses began in 1890. The abundance of flowers in the midst of winter prompted members of the Valley Hunt Club to add a parade where entrants would decorate horse carriages with hundreds of colorful blooms. Today, the parade features about 45 floats, 20 spirited marching bands, and high-stepping equestrian units with over 400 horses.

When: The 131st Rose Parade will broadcast live, starting at 11:00 a.m. EST, on ABC, NBC, HGTV, and others.

Parade Theme: Each year, the President of the Association selects a theme. The 2020 theme is "The Power of Hope," celebrating the influence of optimism and hope. The belief that what is wanted can be attained and with hope, anything and everything is possible.

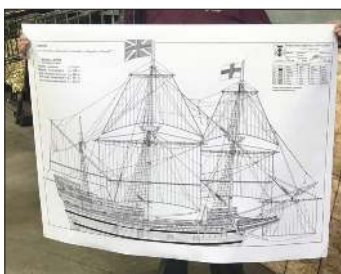

Society Theme: The theme for our Society's float is, "The Voyage of Hope—1620." Our flower-covered float will not only feature the *Mayflower*, but also include depictions of Plymouth Rock and the shallop in Plymouth Harbor.

The Voyage of Hope - 1620
(artist's rendering).

Volunteers: The Mayflower Guard is seeking volunteers to either march or support the Parade. Our Maryland Society has the military regalia (e.g., body armor, helmet and musket) to assist in dressing a Society member who wishes to participate. Travel expenses are the member's responsibility. Please contact Governor Mallory if you are interested.

Approximately 30 million Americans can trace their ancestry to *Mayflower* passengers. Many of those descendants will be among the millions of people who will watch the parade live. The historic vessel that brought the Pilgrims to the New World may be the first thing viewers see when they tune in January 1. The Mayflower float is being considered for the lead position at the Rose Parade. You won't want to miss it!

Mayflower II: America's Most Historic Ship

A Refitted Ship Awaits its Voyage to Plymouth

After nearly three years of being hidden under a large tent in the shipyard, this past summer, crews disassembled the structure that has sheltered the *Mayflower II* during her restoration. The 62-year-old wooden ship has been hauled out in the Henry B. duPont Preservation Shipyard at Mystic Seaport Museum in Connecticut, for major work to prepare her for participation in the 400th anniversary celebration of the Pilgrim's historic voyage. In a public ceremony on September 7, a totally refitted *Mayflower II* was officially launched and christened using water from all 50 U.S. states and from Plymouth, England, and Leiden, Netherlands.

The Cover Comes Off: *Mayflower II* after disassembly of the big "mailbox" tent that has been sheltering the vessel in the Shipyard. (July 2019).

The Christening: *Mayflower II* waiting to be christened and launched at the ceremony in Mystic Seaport. (September 2019).

Background

The original *Mayflower* sailed back to England in April of 1621, where it was later sold in ruins and broken up. The *Mayflower II*, a full-scale reproduction, was built in 1955-57 in Brixham, England. The ship was a gift to the people of America from England to honor the friendships formed during World War II. It was launched on September 22, 1956, with a ceremony based on knowledge about christenings of 17th-century vessels. The ship was toasted from a gold loving cup that was afterward thrown into the water, and then quickly retrieved by an underwater diver, in the traditional manner.

On April 20, 1957, *Mayflower II* set sail from Plymouth, England, with a crew of 33 men. The new ship took a more southerly route than the original *Mayflower* in September, 1620, but otherwise the route was an accurate replication of a period ocean crossing. The weather initially cooperated but then the ship met a violent storm off Bermuda, common weather for a transatlantic crossing. *Mayflower II* arrived on the shores of Plymouth, Massachusetts, on June 13, 1957, to a crowd of 25,000 spectators.

Restoration

Mayflower II has been undergoing restoration during the past three years. Approximately 70% of the ship's timbers had been degraded. Using techniques from the 1600s and a \$16 million budget, shipwrights at Mystic Seaport have brought in materials from around the globe to restore America's most historic ship. The details of the ship—from the solid oak timbers and tarred hemp rigging to the wood and horn lanterns and hand-colored maps—were carefully recreated to give visitors a sense of what the original 17th-century vessel was really like. Skills that were needed to repair and maintain the ship are archaic and would have been lost if not for the ship's preservation.

Voyage

Mayflower II will spend this winter at the shipyard, ready to be the centerpiece of the 400th commemoration. She will make her debut in Boston, May 14-19, 2020, for Mayflower Sails 2020, followed by her long-awaited homecoming to Plymouth on May 21, 2020.

The Launch: *Mayflower II* successfully floated in the Mystic River for the first time in three years. (September 2019).

COINS FOR SALE

The Maryland Mayflower commemorative coins, which were commissioned to celebrate our 75th anniversary, are available for sale.

Front: depicts the crossing of the *Mayflower* in 1620, featuring the artwork of our own member, Fritz Briggs.

Back: has our organization years, 1938 to 2013, with the Maryland flag in the background.

The price is \$10.00 each. To order, visit our website, MarylandMayflower.org.

First Parish Meetinghouse Update

At the 2020 Congress, the members of the First Parish Meetinghouse and Church will ceremonially hand the deed to the General Society. The first GSMD Congress was held at the First Parish Church in 1897. It is fitting that we have come full circle and GSMD is now the caretaker. Refurbishing the church on the site of the original meetinghouse is a great way to celebrate our 400th anniversary. To donate, visit our website or use the form in this newsletter.

Plymouth in 2020

Plymouth is the place to be in 2020 to commemorate the 400th anniversary of the *Mayflower* voyage. If you plan to attend the events or wish to purchase tickets, check the Plimoth Plantation website (www.plimoth.org). Advance tickets are on sale now to board the newly-restored *Mayflower II*, starting May 23. The Plymouth 400 website (www.plymouth400inc.org) is also great resource.

Maryland Mayflower Channel

Subscribe to the Maryland Mayflower Channel on YouTube. You can enjoy favorite videos and view them from your devices. Videos include our own *Chilton's Challenge* play, how to blacken armor, and a new video, "Rembrandt & the Pilgrim Arms and Armor."

Raffle Tickets on Sale

2020 Fundraiser

You still have a chance to win a beautifully framed reproduction (24" x 36") of our specially-commissioned oil painting, *Welcome Englishman*, by Pamela Patrick White.

Tickets are \$20 each and are on sale now. Our goal is to raise \$2,020.00! Your chances of winning are very good, as there are only 101 tickets available. The drawing is set for November 24, 2019, at the Compact Day Dinner. To purchase tickets, visit our website, www.MarylandMayflower.org/raffle.

Smaller (16" x 20") color prints are available on our website, in the Merchandise section, for \$75.00 each.

Brewster Book Manuscript Published

The Brewster Book Manuscript, edited by Mayflower scholar Caleb Johnson, was published in September. The little book was originally filled with blank pages, where seven different authors kept notes on genealogy, the Plymouth settlement, Latin text seen in Leiden in 1617, and other topics covering a span of nearly 300 years, from the early 1600s to 1899. It is speculated that the first author is most likely Edward Winslow, who was a prolific writer and one of the few passengers who knew Latin.

The first items in the first section of the book all point to some interesting new views of the Pilgrim story. It starts with letters from before the time the Pilgrims journeyed to the New World, and includes writings about Tisquantum ("Squanto") before they arrived, indicating they already knew he would be there. Obviously, from these writings, the Pilgrims knew all about New England, as well as Virginia, so they were prepared.

Original Brewster book manuscript.

The notebook came into the hands of William Brewster in the 1630s. When Brewster died in 1644, his son, Jonathan, used it to record his father's book sales and genealogical records of his family as well as other notes. It continued to be used to record family history until 1899. Deeded

to the Massachusetts Society in 1907, this small book was in fragile condition and required restoration. It has never been transcribed or fully studied, until now. This notebook has been imaged with a transcription on the opposite page.

Spring Dinner

“Triumph over Tragedy”

On Sunday, April 28, 2019, our Society met at the Eagle’s Nest Country Club in Phoenix. Our Guest Speaker was Mary Ann Jung, award-winning actress and Smithsonian scholar. Mary Ann portrayed a specially-commissioned character requested by our Maryland Society that she had not previously performed, Susanna White, in period costume and first person character. Susanna bore the first Pilgrim child in America, was the first to wed in Plymouth Colony, and was one of only four adult women to have survived to see the first Thanksgiving. Everyone enjoyed Mary Ann’s lively and informative presentation.

National Pilgrim Memorial Meetinghouse**The Legacy Project**

The first Meetinghouse where our Pilgrim families worshiped was built in the middle of a wilderness, in 1621, the year after the *Mayflower* landed. The General Society is working to restore this historic site. Our Society has pledged \$5,000.00 during the next three years and we are looking for members to help contribute.

Restoring the Meetinghouse is the best possible legacy our Society could leave in 2020, the 400th anniversary. Donations of \$5,000 or more will be listed on a plaque in the Meetinghouse. Thank you for your support!
